## CONVERSION SPECIFICATIONS

PROJECT POLAND	SYSTEM STAFFING	PREPARED BY [REDACTED]	DATE 30 Oct 72	CONVERSION NO. 001
-------------------	--------------------	---------------------------	-------------------	-----------------------

REQUIREMENTS / SPECIFICATIONS

25X1A

REQUIREMENTS:

The below data should be extracted from the converted IBM 360 Language Master and on a monthly basis, following the update of the Language Master, loaded into the GIM data base.

Only the records necessary for the production of the Language Control Register report will be loaded into the GIM data base. These records are for employees that have not 'DISCLAIMED' the Reading, Speaking, & Understanding Proficiencies for the associated language.

SPECIFICATIONS

- Extract only the following records:
  - DISCLAIM CODE = 1 (Field 9 in old Master)  
(and)
  - (LANG-READ and LANG-SPEAK and LANG-UNDER) ≠ a DISCLAIM code  
[see attachment for list of DISCLAIM codes]
- Retrieve LANGUAGE TEXT from M&P Dictionary file \$SPEC based on LANGUAGE CODE in record.
- Convert SERIAL NUMBER to SOCIAL SECURITY NUMBER - (Conversion dictionary undefined as of this date)

NOTE:

- Layout for converted IBM 360 Language Master is not defined as of this date.
- Use of OLD or NEW Language Proficiency Codes is unresolved pending OP, OTR, & OCS decision
- See attachments for (1) POLAND 2968's; (2) OLD & NEW Language Proficiency Codes; & (3) RCA 501 Language Master Documentation
